

Funds Help Club's Quest to be the Best

The Carina Leagues Triathlon Club's quest to be one of the best clubs in Queensland took another step forward recently with a very welcome donation from Mr. Chris Bombolas MP the State Member for Chatsworth.

Accepting the cheque from Mr. Bombolas, vice president Steve Heald said the funds would go towards providing more equipment to help the club's 80 members with their training and competition needs.

Steve said the funds became available after Mr Bombolas staged one of his regular "Bomber's BBQs" designed to help raise funds for not-for-profit community groups in the Chatsworth Electorate.

Mr Bombolas said he had held one or two of the BBQs every month since December 2006, with in the order of 20 different organisations benefitting from the Saturday proceeds to date.

Steve said the way the scheme works is that local butchers kindly donate the sausages and then Mr Bombolas provides everything else, just asking for a gold coin donation for a well-cooked snack.

"Whatever money is collected on the day Mr Bombolas passes on to various clubs and associations to assist with their fund raising efforts," Steve said.

The BBQ was held in mid November for several hours outside Carina North Quality Meats, who kindly donated the sausages.

"We are very grateful for the funding which will provide athletes with more services to help prepare them to perform at their best," Steve said.

Steve added community groups in the Chatsworth Electorate, should think about "Bomber's BBQs" as a way of raising a few extra dollars for their organisation.

He said Mr. Bombolas' office would welcome enquiries at Unit 1 Millennium Business Centre, Millennium Blvd, Carindale Q 4152 Ph: 3398 4777
