

## **New Trailer Means Club is Really Going Places**

The Carina Leagues Triathlon Club has unveiled a brand new well-equipped trailer that will set it apart from other clubs at races throughout South East Queensland.

Head Coach Warwick Dalziel said the club will take the trailer to competitions as far away as Noosa.

"It will be a part of the club's 'tool kit' at all races and provide athletes with more services than they have ever had before," Warwick said.

"The trailer is a very handy acquisition indeed allowing the club to be well resourced on race days, enabling athletes to be prepared to perform at their best.

"We are very grateful for the funding the Carina Leagues Club provided and the sponsorship branding on the sides of the trailer reflects their support," Warwick said.

"The signage on all our tents, trailer, apparel and equipment reflects the strong partnership we have with the Carina Leagues Club and it is one way we can repay them for their sponsorship assistance."

Warwick said currently around 70 people at the club would benefit for the use of the trailer.

"The Carina Leagues Club has been a major sponsor for us for the last three years supplying various items of equipment and some trophies.

"The trailer can store two tents, poles, bike racks, a BBQ, gas bottles, an Eski, a first aid kit, spare equipment, together with various bike parts and pumps.

"It was specially built over a two week period by club member Ron Chittick.

"The trailer will give us a real presence at races in our quest to be the best recognized triathlon club in Queensland," Warwick said.
